ABOUT COMPANY

ALPHX-R Sdn Bhd, a Bumiputra-owned company, holds prestigious certifications, including ISO 9001:2015 from Bureau Veritas. Registered with Malaysia's Construction Industry Development Board (CIDB), Ministry of Finance (MOF), and accredited by "Pusat Khidmat Kontraktor" (PKK) and "Tenaga Nasional Berhad" (TNB). We exemplify excellence in our services. Our dedication to excellence, combined with a robust portfolio of accreditations, instills client's assurance in all our undertaken projects.

Established in 2000 as MistexFire Technology Sdn Bhd, ALPHX-R has evolved into a prominent multidisciplinary engineering firm. With dedicated teams of passionate engineers, we have expanded nationwide, boasting several branch offices. As valued partners with both local and international suppliers, we ensure the delivery of cutting-edge products and systems. At ALPHX-R, our commitment to innovation and excellence remains unwavering.

WHAT WE DO

Civil Construction

Our Civil Works division is characterized by meticulous planning, cutting-edge technology, and a skilled workforce. From groundbreaking to project completion, we specialize in a wide range of civil engineering services, ensuring durability, sustainability, and adherence to the highest quality standards.

Interior Architecture

Crafting inspiring and functional spaces is an art, and our Interior Architecture division is a testament to creativity and expertise. We transform visions into reality, delivering interior designs that enhance aesthetics, functionality, and overall user experience, creating environments that leave a lasting impression.

WHAT WE DO

Fire Protection System

Safety is paramount, and our Fire Protection Systems division is dedicated to safeguarding lives and assets. We design and implement state-of-the-art fire detection and suppression systems, utilizing cutting-edge technology and compliance with industry regulations to mitigate risks effectively.

PV Solar Energy Solution

As pioneers in sustainable energy solutions, our Solar Light System division harnesses the power of the sun to illuminate spaces efficiently. We provide turnkey solar lighting solutions that not only reduce carbon footprints but also offer cost-effective and eco-friendly alternatives for outdoor and indoor lighting needs.
